VRF-3836

LED - Vandal Resistant Recessed Flange

Project: Notes: Catalogue #:

Туре:

Product Description

The VRF series by Certolux is a specification-grade recessed flanged IC-rated LED luminaire for medium security and vandal resistant applications. The luminaire design has tamper resistant fasteners and security lenses. This maximizes impact resistance and unauthorized fixture tampering/penetration. For use in Wet Locations, insulated ceilings.

Feature Options

• Emergency LED Battery Pack

Housing

Precision formed, TIG welded, one piece 18 gauge cold rolled steel housing. Housing has integrally formed ribs surrounding plenum access cover opening in order to ensure integrity of seal. Welded studs are used in order to mount components, offering superior performance over PEM style fasteners.

Mounting

Swing arm mounting brackets, with vertical adjustability, are used to mount the fixture against the ceiling. Brackets provide an improved continuous seal to plenum eliminating fixture distortion. For Grid earthquake clips provided in lieu of swing arms.

Reflector

Optional VF1 reflectors are available which are made of specular anodized aluminum with a minimum reflectivity of 95% (see product ordering guide).

Door Frame

One piece 60° beveled perimeter door frame, fabricated from specified gauge, cold rolled steel with TIG welded corners. The door assembly is self centering by means of locating studs. It is retained by stainless steel aircraft cable when opened. Continuous retention-mounts mechanically secure and evenly distribute force against the diffuser.

Lens & Lens Retention

Multiple lens choices for both fixture side and room facing side (see product ordering key for options). Lens maximum thickness .625". The lens is secured with adjustable Z style brackets with through studs on housing faceplate.

Finish

The luminaire is in a powder painted white finish and offers a high reflectivity coating for improved lighting performance and efficiency.

Electrical

Long life LED's coupled with high efficiency drivers provide quality illumination. Rated to deliver an L80 performance >50,000 hours. The standard driver has a THD of <10%. Standard low voltage dimming (0-10v, 1%). All electrical components are CSA or UL approved.

Warranty

5 year limited warranty. For complete warranty, click here:

Approvals

- Approved to CSA and UL standards.
- UL listed for wet locations, insulated ceilings.
