

LTRI - LED Tri Light

LED - Specification-Grade ADA Surface Mount LED Luminaire | Architectural Lighting

VISIONEERING | a **LEVITON** brand

Project:	Catalogue #:	Type:
Notes:		

Product Description

The LTRI luminaire successfully combines savvy design flair with practical functionality and efficiency. The LTRI (with sensor option) provides a standby low-light level, and upon detection of motion in a space, immediately increases the lighting to full brightness. When occupancy is no longer detected, the luminaire reverts back to the lower, standby level. The LTRI can save energy and provide safety by ensuring full light levels only when required.

Applications

Stairwells, Corridors, Hotels, Vanities

Features

- Unique ADA compliant design
- Smooth, white opal polycarbonate diffuser
- Available in 24 and 48 inch lengths
- Perfect for wall or ceiling mounting
- Standard low voltage dimming (0-10v)

Featured Options

- Ultrasonic Occ Sensor
- Emergency Battery Pack

Optical System

Standard diffuser is soft matte white opal polycarbonate designed for even and low glare illumination.

Mounting

Mounting holes are provided for surface mounted applications.

Construction

Die and brake-formed, code gauge, steel housing and ends. Spot-welded end plates and housing for rigidity and clean appearance. Knockouts are provided for conduit attachment.

Finish

White, polyester powder painted visible surfaces.

Electrical

Long life LEDs coupled with high efficiency drivers provide quality illumination. Rated to deliver L80 performance > 50,000 hours. Supplied with dimmable drivers (0-10v).

Warranty

5 year limited warranty. For complete warranty, click here: 

Approvals

- Approved to CSA and UL standards.
- DesignLights Consortium® Qualified.

All configurations may not be DLC qualified. Check www.designlights.org/QPL for qualified configurations..

Dimensions

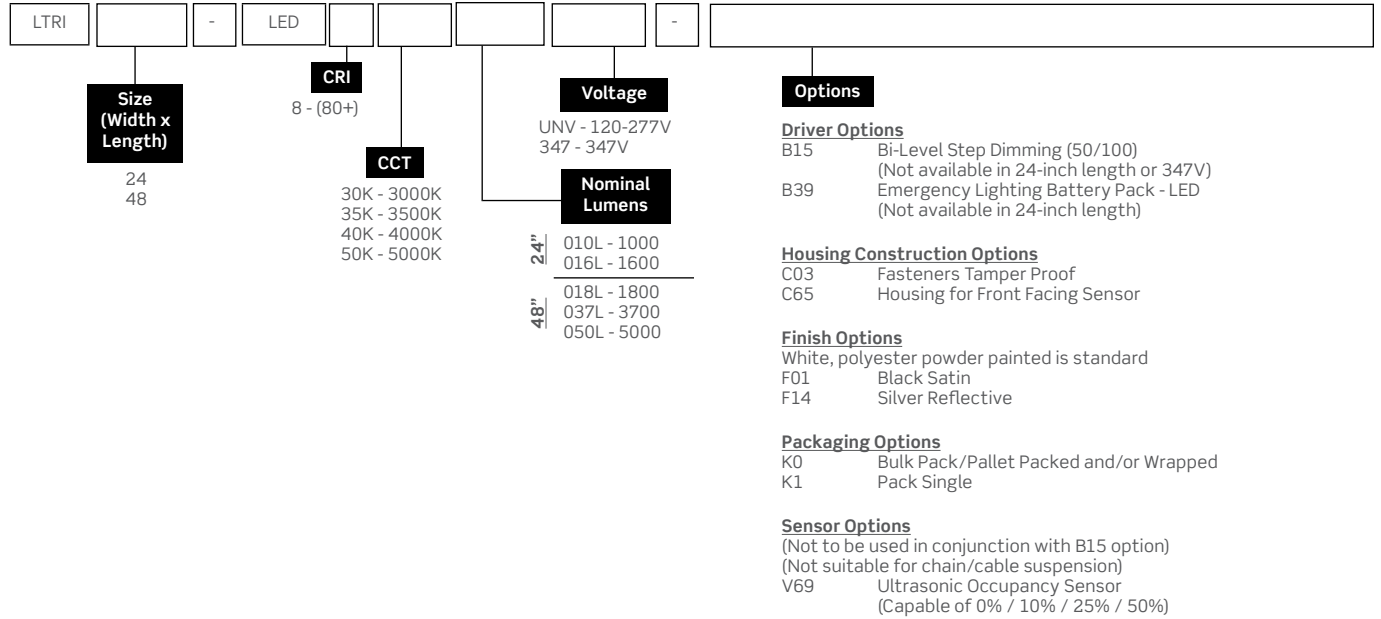

Size	A	B	C
24	30 1/16"	3 15/16"	5 3/4"
48	52 1/16"	3 15/16"	5 3/4"

Consult installation guide for exact dimensions.
